## About CENGSSUD Sustainability Academy

CENGSSUD Sustainability Academy is member of Centre for Global Solutions and Sustainable Development (CENGSSUD) and a division of CENGSSUD Sustainability Services Ltd. The academy is the leading Sustainability training academy in Africa that is established to offer affordable specialized courses and training in the field of Corporate Sustainability and Sustainable Development. The Sustainability Academy is set to make a difference on this planet and we invite you to take on the journey with us! Our goal is to train **100,000** professionals by 2030 and make an impact on our planet! The CENGSSUD Sustainability Academy aims to help CSR, Sustainability and Corporate Responsibility professionals, entrepreneurs and graduates update their knowledge, keep up to date with current voluntary standards, guidelines, principles, global trends and best practices. Our clients include multinational corporations, small and medium enterprises, Government-linked companies and the public sector.

## WE BUILD SUPPORT FOR CORPORATE SUCCESS

CENGSSUD Sustainability Academy's key knowledge impacting services include seminars, Conference, summit, customised training programmes and masterclasses designed to equip professionals with essential skills they need to set their business on a sustainable path by putting theoretical knowledge into practice for our training programmes. CENGSSUD has since become a reputable organisation recognised for developing the next wave of dynamic corporate and business professionals/leaders, both locally and globally. We listen to our clients carefully and we are able to support them to achieve real behavioural change in a business world that is constantly evolving. When industries and the business world demand new skills, CENGSSUD Sustainability Academy is there to provide the support.

We customise courses for unique corporate needs ...

## Why Choose Us

- CENGSSUD has conducted many Corporate Sustainability Masterclasses in Nigeria in wide areas of topics with cognisance to local environment, applications and dynamics.
- In-house training** – In addition to our scheduled programs we also offer bespoke/tailored-made training to suit individual organisational needs by offering expertise, convenience and cost effectiveness.

**Up-to-date standards and principles** – We don't just deploy our courses, we set our curriculum base on up-to-date global and local standards, principles and best practices.

**Quality Venues** – We always use easy to-get-to venues that are centrally located and which provide the right balance of comfort and technology to facilitate your learning experience.

**Post course discussion forums** – The forums on our whatsapp groups provide a platform for continuous discussions and conversations from attended courses.

## OVERSEAS ENGAGEMENTS

### Training that's trusted worldwide

CENGSSUD Overseas unit offers customised and cross-cultural training programmes for individuals and corporate organisations. Our experienced, resourceful and dedicated team work closely with many organisations from a wide range of industries and agencies, both locally and internationally.

We conduct immersion programmes and corporate training for overseas participants from Asia Pacific, Africa, UAE, Europe and America. Our learning programmes are led by accredited, highly experienced and engaging trainers, facilitators and coaches. CENGSSUD continues to develop and customise new well-designed programmes to keep up with market trends and organisations' training needs.
